IT Staff Augmentation— VMS

The State of Michigan has selected Acro Service Corporation (Acro) to provide a web-based Vendor Managed System (VMS) for handling the IT temporary staffing needs for the Department of Technology, Management, and Budget.

Vendors wishing to supply IT staff augmentation services to the State will be required to enter into a subcontractor agreement with Acro—after which they will be provided training, documentation, and access to use Acro's system to receive and respond to new staffing requests from the State electronically.

Further details about Acro, sign-up documents, and contact information can be found on the web at www.acrocorp.com/acrosom, pictured below.

For additional help, please contact Whitnie Zuker from DTMB by phone at 517-284-7030 or by email at ZukerW@michigan.gov, or Joleen Woof from Acro by phone at 734-542-4326 or by e-mail at som_vms@acrocorp.com.

Vendor Managed Services (VMS)
IT Staff Augmentation

In 2012, Acro was selected as the Vendor Management Services (VMS) provider for all IT staff augmentation at the State of Michigan. As a result, Acro is the single point of contact for all staffing agencies applying to participate in this program. Below is the process for becoming an associate staffing agency.

- Complete the online staffing agency profile form
- Sign Associate Supplier Agreement
- Submit supporting documentation (Click here for more information)
- Acro reviews submission and, if approved, will execute the Agreement
- Acro will provide Staffing Agency with access to online portal and training

For further information, please contact the Acro VMS Program Office at som_vms@acrocorp.com
